Evaluating Software Defined Networking for use in military networks

Erik Sørensen

Submission date: Dec 2013
Responsible professor: Øyvind Kure, ITEM/UNIK
Supervisor: Mariann Hauge, FFI

Norwegian University of Science and Technology
Department of Telematics

Abstract

Preface

Contents

List of Figures

List of Tables

Chapter 1
Background

1.1 SDN

Software Defined Networking (SDN) is a term coined by researchers at Standford University some time during 2008.

1.2 Military networks

Chapter 2
Discussion

Chapter 3
Results

Chapter 4
Conclusion
